

# 100% *now\_* desirable object

## MAMMA BLACK SHEEP

Frisky Dolly, designed and made by the team at Bronze Age, doubles up as a side table and a conversation piece. The innovative combination of aluminium and wood, and its quirky design, make this the ultimate object of desire. First spotted at the South Africa House stand at Rooms on View, it is available at the Bronze Age foundry and gallery in Simon's Town for R20 000.
